

# Southeast Schooling Show Championship

## FAQs

### How do I qualify to enter the Southeast Schooling Show Championships?

1) Rider must be a member of an appropriate local riding organization when scores/points are earned.

Examples of “appropriate” association would be:

- GMOs such as GDCTA, The Good Horseman Foundation, TAG DEA - Tennessee, Alabama, & Georgia Dressage & Eventing Association, Birmingham Dressage & CTA, SCDCTA, NCDCTA, etc.

2) The show where you earned your scores must be a “Qualifying Show.”

To be a “Qualifying Show” for the Southeast Schooling Show Championships, the show:

- Must be recognized by your local riding association, i.e., the scores/points earned at that show must be eligible to count toward year-end awards
- Must be a non-USEF/USDF/USEA-sanctioned competition (USEF may define the competition as a “Regular Competition” or “Local Competition” – both are eligible to host qualifying classes.)

3) Rider must show proof of volunteering at one event, either a recognized show or schooling show.

4) Rider must meet the eligibility requirements for your specific classes:

- a. 3-Phase Eventing: Place 1st through 5th at 2 qualified schooling shows (see #2) and must have at least 1 clear round on XC
- b. Combined Training: Place 1st through 5th at 2 qualified schooling shows (see #2)
- c. Dressage: Two (2) scores at 60% or above from two (2) different judges at the highest test of the level at two (2) qualified schooling shows (see #2). Scores can be earned at the same show but must have been earned under different judges.

5) Schooling Show attire is acceptable, but it is preferred it be neat and tidy, with hair appropriately secured. Jackets are optional. Chaps are permitted. Raincoats will be permitted, if raining.

6) If you qualify for Championships in Dressage and 3-Phase with the same horse rider combination, you may enter both classes. If you qualify for Championships in Dressage and Combined Training with the same horse rider combination, you may enter both classes. However, you may *\*not\** enter both Combined Training and 3-Phase Division with the same horse and rider combination.

7) A horse or pony may be ridden by two separate riders in the Amoeba, Tadpole or Dressage Intro C but not in the same class.
